Our Ref: MHNCC/2018/12/02

**TO WHOM IT MAY CONCERN**

**REF: HELLEN NYANCHAMA MANWARI**

This is to confirm that the above patient was admitted in our Intensive Care Unit on 19/08/2017 and discharged on 22/12/2017 for homebased care management.

The patient was diagnosed with Gullain Barrie Syndrome, a rare disease which occurs when one's immune system confuses (cross-react) simple abdominal or respiratory infection with components of nervous system. These results into massive attacks in the nerves leading to ascending paralysis which finally affects the whole body including respiratory system.

She was discharged with a hospital bill of Kshs.7,019,336.22, but still has an outstanding bill of Kshs.5,382,806.00.

Any assistance to the family in settling the bill will be highly appreciated. Payment to be made through

Metropolitan Hospital Pay Bill No. 112233, Account No. DB14638 or to our bank account,

Metropolitan Hospitals Ltd

Kenya Commercial Bank

Account No. 1103569899

Jogoo Road Branch

Your Sincerely,

Anne Macharia
